SUMMARY

I am Mannu Kumar, a passionate and detail-oriented Front-End Website Designer currently working at Edigitfy, where I design and develop modern, responsive websites for clients across various industries. With hands-on experience in HTML, CSS, JavaScript, Bootstrap, WordPress, and Elementor, I bring creative UI/UX design solutions to real-world projects.

Previously, I completed a Front-End Website Design internship at HuesandHex.com (Dec 2024 – May 2025), where I gained practical experience in layout design, user interaction, and responsive development. I'm also familiar with Figma, Canva, and basic PHP/MySQL functionality.

Dedicated to delivering high-quality and user-focused web designs, I constantly strive to improve user experience, website performance, and visual aesthetics.

WORK EXPERIENCE

Website Designer

EDigitify Pvt Ltd – June 2025 – Present

- Designing and maintaining modern, mobile-friendly websites for a wide range of clients.
- Creating custom layouts using HTML, CSS, JavaScript, and WordPress.
- Working with Elementor and other page builders to build interactive, SEO-optimized web pages.
- Collaborating with developers, marketers, and clients to meet project goals and deadlines.
- Ensuring cross-browser compatibility and fast load times with clean, optimized code.

Front-End Website Design Intern

HuesandHex.com – December 2024 – May 2025

- Designed and modified client websites using HTML, CSS, Bootstrap, and WordPress.
- Improved UI/UX and implemented responsive design strategies.
- Built landing pages using Elementor and assisted with cross-browser testing.
- Used Figma for wireframing and collaborated on design improvements.
