SUMMARY

I am a highly driven Web Designer and Front-End Developer with strong expertise in HTML, CSS, JavaScript, Bootstrap, PHP, and WordPress. I specialize in crafting visually engaging, fully responsive, and user-friendly websites. I have professional experience at HuesandHex, where I designed and developed seamless digital experiences that effectively blend creativity with functionality.

My professional journey began with a 6-month internship at HuesandHex, where I gained hands-on experience working on real-world web projects. During this time, I sharpened my technical skills and deepened my understanding of design principles and user experience. This internship provided a solid foundation for my career and sparked my passion for innovative web design and development.

SKILLS

Front-End Designing

- Front-End Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap

- AI Knowledge: Basics of AI integration with web applications, prompt engineering, chatbot embedding, and generative AI tools (e.g., ChatGPT, MidJourney, and Canva Magic tools)

Tools & Platforms:

- PHP (basic), SEO practices, website optimization

- WordPress (theme customization, plugin integration)

- GitHub, VS Code

- UI/UX Design: Responsive layout design, user-centric interfaces, cross-browser compatibility

Design Tools:

- Skill in using Adobe Photoshop and Canva to design banners, product images, and web graphics that align with brand identity. Experienced in creating and editing visual content to enhance user engagement and improve the overall aesthetic and professional quality of websites

WORK EXPERIENCE

Front-end website Design Intern
huesandhex.com | December 2024 - May 2025

- Designed and maintained responsive and user-friendly web pages for an e-commerce platform, ensuring smooth navigation across all devices. Created and optimized product listing pages with visually appealing layouts to enhance the user experience. Performed regular updates and edits to existing web pages, refining content and visuals to align with new promotions and updates.
- Utilized HTML, CSS, and JavaScript to implement interactive design elements, ensuring a seamless browsing experience. Applied WordPress and Bootstrap frameworks to organize the website structure and improve overall performance

EDUCATION

- Graduation
  PATLIPUTRA UNIVERSITY, PATNA 2019 -2022

COURSES

- Web Design & Development
  Arena Animation, South Extension
